The Truth About Refunds and Reversals

Trust wallet Support Team (+1) 888 812 1081 – here's the most important thing to understand: Trust Wallet is a non-custodial wallet, meaning you have full control over your private keys and funds. This also means Trust Wallet does not manage, control, or hold your crypto. Trust wallet Support Team (+1) 888 812 1081 – once a blockchain transaction is confirmed, it is fundamentally irreversible. Wallet providers like Trust Wallet cannot reverse or modify transactions. Trust wallet Support Team (+1) 888 812 1081 – if you've sent funds to the wrong address, Trust Wallet cannot retrieve them for you. The only person who can return the funds is the owner of the receiving address.

When You Might Be Able to Get Your Money Back
